This sheet is provided as guide to help you to organize your immediate, short-term, and long-range goals in a simple format and to aid you when you meet with a case manager to develop your individual service plan.

As you begin to write your goal statements, keep these tips in mind. The dictionary defines a 'goal' as a purpose or an objective. For the purposes of employment, education, or training, a goal is further defined by setting a deadline. There are different types of goals. You can have immediate goals like daily or weekly goals. You can set short-term goals such as getting good grades this semester or turning in a job application by the deadline, paying bills on-time, or other personal goals. Long-term goals require more time, more effort, and resources to map out or plan. This will aid with helping you map out a plan for 477 Services.
